LinkedIn: linkedin/surajkumar
GitHub: github/surajkumar

Email: suraj752020@gmail.com
Mobile: +91-7520200539

Skills

Languages: Python, C++, Java, Kotlin
Frameworks: HTML and Tailwind CSS, Bootstrap, NodeJs, ReactJs, ExpressJs
Tools/Platforms: Git, GitHub, VS Code, Linux, SQL, MongoDB
Soft Skills: Problem-Solving, Team Player, Leadership, Adaptability

Projects

Travelgoho | GitHub — Sep' 25 – Nov' 25

- Crafted a web-based travel planning platform that allows users to explore destinations and organize trips through an interactive interface.
- Integrated frontend and backend technologies to support destination browsing and personalized trip planning features.
- Delivered a seamless travel management experience with efficient data handling and smooth user interaction.
- **Tech Stack**: HTML, CSS, JavaScript, Bootstrap, React.js, Node.js, Express.js, MongoDB

Virtual visitors in ICU | GitHub — Feb' 25 – Apr' 25

- Designed a web-based Virtual ICU Visitor System to allow families secure access to patient updates and virtual visit requests.
- Built an interactive platform with visitor scheduling and real-time patient update management for improved ICU communication.
- Established an admin panel to efficiently manage visit requests and monitor virtual interactions.
- **Tech Stack**: PHP, MySQL, HTML, CSS, JavaScript, Bootstrap, XAMPP/Apache, phpMyAdmin

Timezone-converter-master | GitHub — Sep' 24 – Oct' 24

- Engineered a timezone converter system using OS-level time libraries in C to ensure precise global time calculations.
- Unified backend C logic with a responsive web interface to enable real-time timezone conversion and smooth user interaction.
- Implemented an accurate and user-friendly solution to display time across multiple international zones efficiently.
- **Tech Stack**: C, OS time libraries, HTML, CSS, JavaScript.

Training

C Programming Language | Certificate — Jun' 25 – Jul' 25

- Acquired practical experience in C programming by working with pointers, arrays, functions, file handling, and basic data structures.
- Applied debugging and modular coding techniques to solve real-world programming challenges efficiently.
- Enhanced problem-solving skills by building optimized programs and working in a Linux-based development environment.
- **Tech Stack**: C, VS Code, Git/GitHub, Standard C Libraries, File Handling, Data Structures, Linux Terminal.

Certificates

- C Language Mooc course | Certificate — Jul' 25
- 25-hour live training in python programming| Certificate — Mar' 24

Achievements

- Finalist in a national-level hackathon, demonstrating exceptional problem-solving, teamwork, and rapid prototyping skills among top participants across India. | Certificate — Aug' 25
- Solved over **100+ coding problems** on LeetCode.

Education

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering **CGPA: 6.9** — Since Aug' 23 - Present
- **RLSY College** — Patna, Bihar
  Intermediate: **Percentage: 80.4%** — Apr' 21 - Mar' 22
- **Sadar Alam Memo sec school** — Nalanda, Bihar
  Matriculation: **Percentage: 75%** — Apr' 19 - Mar' 20
